

# Quality of a good Anaesthesiologist.

**Maj. Dr. Uday Bajracharya**  
**MBBS, MD.**  
**Anaesthesiologist**

A list of acronyms intended to portray some of the desirable and deplorable qualities of anaesthesiologist, is as below. No doubt readers may think fit to add many more.

## Desirable

A – Alert  
 N – Noble  
 A – Agile  
 E – Energetic  
 S – Skilful  
 T – Truthful  
 H – Hardworking  
 E – Enterprising  
 S – Smiling, soft spoken  
 I – Intelligent  
 O – Open-minded  
 G – God fearing, generous, gentle  
 I – Inspiring, Intuitive  
 S – Sensitive  
 T – Tough

## Undesirable

Arrogant  
 Nasty  
 Admant  
 Egoistic  
 Spineless  
 Timid  
 Hasty, Hostile  
 Empirical  
 Sly  
 Insensitive  
 Overconfident  
 Grumbler  
 Indifferent  
 Showoff  
 Too talkative.

By no means this list is complete or comprehensive. Anaesthesiology is an extremely fast growing speciality and advances are useful weapons in providing the necessary confidence and ability to cope with difficult situations regarding both patients and fellow colleagues.
