Medical knowledge is continuously evolving, and advances in research may result in changes to diagnostic approaches, treatment protocols, procedures, equipment, and drug use. While the authors, editors, and publishers of the Nepal Journal of Dermatology, Venereology and Leprology (NJDVL) have made every effort to ensure the accuracy and currency of the information presented, readers are advised to verify all details—particularly those related to drug dosages and usage—against the most recent legislation, clinical guidelines, and standards of practice. The Publisher, Society of Dermatologists, Venereologists and Leprologists of Nepal (SODVELON), and Editors cannot be held responsible for any errors or for any consequences arising from the application of information contained in this journal. The views and opinions expressed in individual articles are those of the authors and do not necessarily reflect those of the Publisher, SODVELON, or the Editors. Furthermore, the publication of advertisements does not constitute any endorsement by the Publisher, SODVELON, or the Editors of the products or claims made therein.
