

MESSAGE FROM CAMPUS CHIEF (Editor in Chief)

Biratnagar Nursing Campus is one of the constituent campuses of Tribhuvan University, Institute of Medicine, situated in the Capital City of Koshi Province, Biratnagar. Our Campus is going to publish the "Journal of Biratnagar Nursing Campus (JBNC)", Volume 2, 2025. JBNC is a peer-reviewed, open-access journal that publishes original research articles to encourage evidence-based practice and improve the quality of patient care.

True nursing professionalism demands a deliberate integration of praxis; the dynamic translation of theoretical nursing models into direct clinical action. I extend my deep appreciation to the peer reviewers and contributors who volunteer their time to ensure our publication maintains its academic integrity. I encourage our readers to interact directly with these works, test these insights in their local practices, and join this ongoing scientific dialogue.

I would like to express the word of appreciations and congratulations to our Research Management Committee (RMC) Coordinator and team, Editorial Board, Advisory Board, Readers, Authors, Co-authors, and Contributors for their continuous efforts to the journal in this complete form. Similarly, I would like to thank all the teaching and non-teaching staff of Biratnagar Nursing campus.

Thank You

.....
Menuka Bhandari
Campus Chief
