

## Editorial

It gives me immense pleasure to release Volume 3, Number 1 issue of the Journal of Nepalese Prosthodontic Society. JNPS is the biannual official publication of Nepalese Prosthodontic Society and is devoted to the field of Prosthetic Dentistry. The Journal publishes original research papers, review articles, case studies, reports and technical note. The first issue of the JNPS was published in 2018. It is a matter of pride that in a short period, the journal has been indexed in CNKI, Index Copernicus, Google Scholar, NepJol and NepMed. The journal is also gaining popularity in national and international dental researchers, academicians and clinicians.

JNPS provides scientifically sound informations encompassing research, and education in Prosthodontics, Oral and Maxillofacial rehabilitation, Esthetic and Implant dentistry. The journal continues to provide a forum for dissemination of evidence-based prosthodontic knowledge and harness new ideas and innovative techniques in Prosthodontic and interrelated disciplines.

I would like to take this opportunity to thank the authors, reviewers, contributors and the editorial team of JNPS for their constant effort, support and constructive suggestions which have indeed helped a lot in maintaining the quality of the publication.

**Prof. Dr. Suraj R. B. Mathema**
