

## Editorial

Welcome to the second edition of SHANTI .We hope that you will take this journal as a lunch pad for the researchers' creative and analytical urges to blossom ingeniously. As saying goes “mind like parachute works best when opened”, this humble initiative is to set the academic minds free allowing them to roam freely in the realm of imagination and experience to create a world of creativity in words. The enthusiastic write ups of our writers are indubitably sufficient to hold the interest and admiration of the readers. This souvenir is indeed a pious attempt to make our budding researchers give shape to their creativity and learn the art of being aware because we believe that our success depends upon our power to perceive, the power to observe and the power to explore. We are sure that the positive attitude, hard work, sustained efforts and innovative ideas exhibited by creative researchers will surely stir the mind of the readers and take them to the surreal world of unalloyed joy and pleasure.
